USB Disk | S121

Team USB Disk (S121)

Fully compatible with USB 3.0 port, Team S121 can dramatically transfer files and increase read/write speed incredibly. With its sandblasted and anodized finishing, the lightweight aluminum alloy casing not only provides high quality metallic feel but also enhances the functions on cooling and protection. The casing and 3D outlines make the device fit perfectly in your hand for easy insertion into your computer without the fear of dropping from the hand. The toy building block pattern gives the device a vivid and energetic look. The cap can be attached to the end of device, adding extra convenience and portability.

Team S121 is available in 16GB, 32GB and 64GB. Team EZ Go program is delivered along with the device for automatic backup, file synchronization, encrypted compaction, IE private browsing and computer lock. Also, the program provides the scheduling function which simplifies data management, making Team S121 the perfect choice for anyone looking for a USB 3.0 flash drive.
